

HERSETH SANDLIN ANNOUNCES \$1.5M GRANT FOR AIRCRAFT RESCUE & FIRE FIGHTING BUILDING AT WATERTOWN REGIONAL AIRPORT

Washington, DC-Today, Rep. Stephanie Herseth Sandlin announced that Watertown Regional Airport is the recipient of a \$1,500,000 grant from the Department of Transportation. Awarded as an Airport Improvement Project Grant through the Federal Aviation Administration, this funding will be used to construct an Aircraft Rescue and Fire Fighting building at Watertown Regional Airport.

Herseth Sandlin said, "It's important that airports have the proper and necessary equipment to keep their employees and passengers safe. I'm pleased that Watertown will benefit from this grant funding that improves our transportation infrastructure, while also helping to serve the community."

In addition to providing fire and rescue support at Watertown Regional Airport, this new station will serve the west side of Watertown, including the Lake Kampeska area.
